F. P. REUILLARD SELLS RESTAURANT

PURCHASED BY P. ATHAN AND SAM JOHNSON.

IN BUSINESS 17 YEARS

Reuillard Will Devote All Interests to Wholesale Bakery Plants at Maryville and Stanberry.

F. P. Reuillard sold his restaurant and confectionery business today to Pete Athan of this city and Sam Johnson of Council Bluffs, Ia. Mr. Reuillard has been contemplating this change in business for some time and in future will devote all of his time to his wholesale bakery business. The new firm will continue to retail Reuillard's bread, rolls, cakes and pies the same as heretofore at the Main street store. There will be no sales made at the wholesale bakery.

Mr. Reuillard has been in Maryville nearly seventeen years, opening up his bakery and restaurant at that time on West Third street. Last fall he removed his bakery from Main street store, opened up a shop on West Third street equipped with all model electric machinery and since that time he has been operating both stores. He also has a bakery at Stanberry which is both wholesale and retail, the retail shop including only bakery goods.

Mr. Athan of the new firm, is a brother of Gus Athan proprietor of the Candy Kitchen. He and his partner expect to make a number of changes in the new store and will enlarge the lunch room as soon as the bake oven in the back can be removed. They will continue to specialize on noon lunches at the Reuillard firm did and will sell the Reuillard bakery products. Orlin Moss who has been employed as baker for the South Side bakery began work for Reuillards today.

SAW NODAWAY FIRST TIME SEVENTY YEARS AGO TODAY

J. M. Stephenson, Then 8 Years Old Came From Madison, Ky. Lived 51 Years on Present Farm.

Seventy years ago today, J. M. Stephenson, a lad of eight years arrived in Nodaway county with his parents from Madison, Kentucky to make his home. His father had filed on a claim just southeast of Maryville known as the old Ogden farm.

When a young man, Mr. Stephenson purchased the farm on which he now resides which is located on mile east of Maryville. For fifty-one years Mr. Stephenson has tilled the soil on that farm. His wife, Mrs. Arena Stephenson who was Miss Arena Shelton died last year. She came to Nodaway county in 1865 and on her way to this county, she passed through Springfield, Ill. the day of Lincoln's burial.

APPROVE C. OF C.'S ACTION ON SCHOOL FUND PROBLEM

Heads of Commercial Organizations and Educators Write Congratulatry Letters to Secretary.

George A. Pickens, secretary of the Chamber of Commerce, has received numerous letters from educators, secretaries of commercial organizations and other interested in school problems, congratulating the Nodaway Chamber of Commerce on its action in demanding that the State Board of equalization comply with the law in that property assessments should be at full market value, as provided by law to the end that the schools be adequately supported.

These letters are from Chillicothe, Sedalia, Jefferson City, St. Joseph and other places where the people have similar school needs and problems and expect to follow the lead set by the Maryville men in making an effort to have the correct basis of taxation to relieve a part of the present school condition which is due to lack of funds.

SALT LAKE MERCHANT IN CHARGE OF PENNEY STORE

Manager F. C. Miller Ill and Unable to Come to Maryville at Present—New Goods Arriving.

D. H. Bartholomew of Salt Lake City, Utah, arrived in Maryville this morning to take charge of the work of opening the new J. C. Penny Company store in the Robinson building north of the Nodaway Valley bank on Main street.

The manager of the new store, F. C. Miller, who had expected to be in Maryville three weeks ago to superintend the work, has been very ill and is yet unable to come. Mr. Bartholomew will have charge of the store until Mr. Miller is able to come.

The store will be ready for business in about two weeks. New goods for the store are arriving today and the interior decorations are about completed.

Lack of Paper Hurts Sunday Editions.

The shortage of newsprint paper is causing curtailments in feature editions of some Sunday papers. The New York Times has stopped its Sunday magazine section and book reviews.

Hugh Skidmore of Guilford is critically ill at his home.

Mrs. Sydney Masters spent Sunday a guest at the home of Mr. and Mrs. Ray Masters at their country home near Maryville.

Mrs. Eunice Parr of Guilford, who has been seriously ill with influenza, is sufficiently recovered to return to her duties at the Guilford Bank this week.

Mrs. J. E. Lowell of Bedford, Iowa, began work in the millinery department of the Yehle Dry Goods Co. this morning and will assist Miss Ethel Muntz in that department for the next ten weeks.

Mrs. Belle Davenport returned Saturday from a two weeks' visit at Eldorado, Kan., with her daughter, Mrs. Lee O'Grady and Mr. O'Grady, and at Hutchinson, Kan., with another daughter, Mrs. Harvey Van Fossan and Mr. Van Fossan.

UTAH SCHOOL MEN ON VISIT HERE

PARTY ACCOMPANIED BY PROF. P. G. HOLDEN OF CHICAGO.

INSPECT AGRI. METHODS

Will Introduce Similar Course of Vitalized Agriculture in Utah Schools, Starting March 12.

Prof. P. G. Holden, chief of the agricultural extension department of the International Harvester Company, accompanying a party of educators from the state of Utah, arrived in Maryville this morning for a two days' visit to the rural schools of Nodaway county where they will inspect the methods used in teaching vitalized agriculture. The Utah party includes Prof. L. B. Ball of Salt Lake City, head of the department of agricultural education of Utah; Prof. Olson Ryan of Price, superintendent of schools of Carbon county, Earl Thompson, superintendent of schools of Piute county; Prof. B. A. Fowler of Ogden, superintendent of schools of Weber county, and Prof. J. D. Stewart of Vernal, superintendent of Duschene county schools.

Some of the Utah party arrived this morning and others at noon. This morning the State Teachers College was visited and following that, in company with President Ira Richardson of the college and Prof. Bert Cooper, county superintendent of schools, the Garrett, Morgan, Lasher and Bell Grove rural schools were visited.

The visitors will be guests of the Chamber of Commerce tonight at a dinner at the Bainum hotel.

Under the direction of Prof. Holden an intensive course of vitalized agriculture will be given in the schools of Utah, beginning March 12. Early in January Prof. Cooper was invited to come to Utah to explain the vitalized agriculture methods used in Nodaway county, and spent two weeks visiting the Utah schools.

JULIA JEAN KELLER BORN ON "LEAP YEAR" DAY.

Dr. and Mrs. Fred Keller announce the birth of a daughter yesterday, February 29. The little girl has been given the name Julia Jean and she is the fourth living generation of the Keller family to bear the name of Julia. The babe's great grandmother, now 92 years old, her paternal grandmother and her mother all are called Julia. Coming as she did on the leap year day, Julia Jean will not have another birthday for four years.

WAS FIRST MAN TO CROSS PLAINS TO PACIFIC COAST

Uncle of Mrs. W. H. Hudson and Mrs. J. C. Curfman Dead at Corvallis, Oregon.

Mrs. W. H. Hudson and Mrs. J. C. Curfman of this city have received word of the death of their uncle, J. M. Currier, who died recently at Corvallis, Wash.

Mr. Currier was 92 years old and is known to a number of the early day residents of Maryville. He was the first white man to cross the Western plains to Oregon and drove the first wagon over the trail, going over the southern route through Umpqua canyon and settling on a claim in South Benton County, Oregon, in 1846, where he lived until his death.

Mr. Currier made the trip from the East into Oregon in company with his two sisters and his brother-in-law. Had he lived a few days longer would have celebrated his ninety-third birthday, and was eagerly anticipating a family reunion to have been held on that day.

TWO MILLION DOLLARS WORTH OF FARM REALTY TRANSFERRED

Greatest Amount Ever Known Changed Hands in Nodaway County Today —Many Residences Sold Also.

More than $2,000,000 worth of farm property in Nodaway county changed hands today, and the loan men and banks of the city had their busiest days Saturday and today. Crowds were in waiting at several of the banks Saturday and the employes of these institutions had a busy day. March 1 is the date set for the transfer of property in a large majority of the deals which have been consummated in the county in the past year, and in some instances men are concerned in three or four different shifts of property which will take place today. Incidentally, Uncle Sam will make quite a bit of money on the sale of revenue stamps for these deals.

There is also a number of families moving. This is also true here in Maryville, where there have been a number of residences sold.

LEGAL OPINIONS ON SCOPE OF INCOME TAX LAW

Attorney General Furnishes Through State Auditors Rulings of Importance on Law.

Attorney General McAllister has furnished the State Auditor two legal opinions of importance regarding the scope of the state income tax law. One of the rulings holds that residents of the state who have incomes from property in other states must pay their income tax on such earnings in this state. The second ruling is to the effect that employes of the railroads and wire companies, while under the control of the government, are not subject to this tax. It appears that they are exempt under the laws of congress.

The income tax is not a new law in this state, but it was changed in some respects during the last session of the legislature. Single persons with incomes of $1000 and more, and married persons with incomes of $2000 and more per year, are subject to the tax, which is 1 and one-half per cent. The state tax is a flat levy and not like the government income tax which increases the per cent between small salaries and large ones. Returns under the state income tax law should be made to the local assessor before March 1. The tax is due May 1 each year and becomes delinquent after June 11. Heavy penalties are provided for income tax-dodgers.

332 STUDENTS NOW ENROLLED AT H. S.

LARGEST NUMBER EVER ENROLLED FOR TERM IN CITY.

ORATORS CONTEST MAR. 16

Will Hold Preliminary Tryout Week Previous to Sub-District Contest on March 23.

The preliminary contest of the city high school to select contestants from the high school for the subdistrict contest to secure representation in the Northwest Missouri High School Association contest, is to be held at the high school auditorium on March 16. There are a large number of student orators trying for the honor of representation this year and the interest is more keen than usual.

The high school is affiliated with the first sub-district and the preliminary contest to select the one from the district for the final oratorical contest is to be held in Maryville on Tuesday, March 23.

Superintendent J. M. McDonald is chairman of arrangements for the district. There are six districts and through preliminary contests all applicants are eliminated but one from each district. The extemporaneous speakers chose their subjects from a list submitted by the chairman. The declamations are limited to ten minutes' duration and they are chosen from standard authors.

Two new students enrolled at the high school this morning, bringing the total enrollment now up to 332 students.

FILES SUIT TO RECOVER $2,109 FROM FARM SALE

Blackford & Burris Also Seek to Replevin Certain Property on Coler Farm.

John M. Allen brought suit today against J. T. Pugh for money had and received, amounting to $3,100.41, according to the petition. It states that the defendant is indebted to the plaintiff for that amount on the sale of some real estate, and that the defendant has refused to turn the money over.

Another suit filed was by Blackford & Burris against Isaac W. Coler on a contract. The petition alleges that the plaintiffs are entitled to a commission of $340 on the sale of the Coler farm.

Ira Gates filed a suit against W. H. Stevens for an account of $37.

RAVENWOOD SCHOOL BUILDING NEARING COMPLETION

The old school house and grounds at Ravenwood were sold at public auction Saturday to Y. O. Hunt, a farmer living near Ravenwood. The consideration was $2,880.

The new brick school building will probably be completed late in the spring. It is hoped that several of the class rooms will be completed in time that several of the higher classes will be able to meet in them sometime before the close of the school year. The building of the school house has had a number of drawbacks, the chief one being the inability to get material last fall.

C. C. HELLMERS TO REMODEL WEST THIRD ST. RESIDENCE.

C. C. Hellmers has recently let the contract for an extensive remodeling of his residence at 403 West Third street. The residence is now occupied by E. C. Foland and family. Mr. Hellmers will move from the apartments in the Empire theater building to the West Third street residence as soon as it is completed.

J. D. THOMPSON SELLS PAIR MULES FOR $750.

J. D. Thompson, living north of Barnard, sold a pair of mules today for $750, which is probably a record breaking price for their class and aged animal. The mules were an exceptionally fine pair and were purchased by W. W. Lambert of Arkansas.

PRESIDENT DOES NOT DESIRE RATIFICATION OF TREATY NOW

Hopeful That League of Nations Can Be Made Popular Issue in Democratic Presidential Campaign.

Washington, March 1.—The President, hopeful that the league of nations can be made a popular issue by the Democratic party in the presidential campaign, does not desire the peace treaty to be ratified now. Senator Hitchcock so informed Senator Lodge it was declared today by Republican and Democratic senators favoring ratification on the basis of the Lodge reservations.

EXPRESS EMPLOYEES DEMAND FLAT INCREASE OF PAY

Chicago, March 1.—Unless demands for a flat increase in wage of $35 a month are granted, teamsters, chauffeurs and other employees of the American Railway Express company of Chicago, Toledo, Omaha, Kansas City and many other cities will go on a strike "which will tie up the country," union officials declared today. The demands are to be presented today.

3000 CHICAGO NEGROES THREATEN RACE RIOTS.

Chicago, March 1.—Three thousand negro residents of Chicago are in a lynch and segregation campaign today following a mass meeting in which they cheered speakers who urged them "to fight death rather than take the slightest step backward in getting our rights," such people declared another more terrible race riots will be held next summer unless steps are taken to protect the rights of the negroes.

Returns to Omaha.

Miss Isabelle Worst, who has been employed for the past six months in the office of County Treasurer, James Hagg, returned this morning to her home at Omaha. While here Miss Worst has made her home with her grandmother, Mrs. Isabelle Worst on West Second street.

RAILROADS BACK TO PRIVATE OWNERS

NO CHANGE IN SERVICE TO TRAVELING PUBLIC

SCHEDULES UNALTERED

Strike Fever Abating—Two Million Employees Will Stand Behind Conservative Brotherhood Leaders.

Washington, March 1.—Railroad executives are prepared to file application almost immediately for general increase freight rates of at least twenty-five per cent it was learned today. In some sections, it is said, the increase sought will be higher, thirty-nine per cent.

Washington, March 1.—One minute after midnight government control of the railroads ceased and America's $20,000,000,000 transportation plant, the largest in the world, passed back into the hands of private owners.

The shift meant no visible change in service so far as the traveling public was concerned. The centralizing power dropped out. The properties became separate entities again. In the great majority of instances the same men who managed the roads during the twenty-six months of federal operation are still on their old jobs. Schedules were unaltered. For months the roads had been planning their organizations and the transfer was made without jar.

The outstanding facts in the situation as the roads passed back to their owners were:

Government authorities do not look for any labor troubles of size. The "strike fever" has been abating for a week and more, and the vast majority of the 2,000,000 employees will stand behind the conservative brotherhood leaders.

Adjustments of pending wage demands is to be pushed as fast as the administration can expedite it. The president is expected to appoint the three new members of the Interstate Commerce Commission in the near future. They will join with the other eight in making the law effective.

Railway executives, in general, take the position that private operation now enters upon its final test, and, to become permanent, it must make good. Financing is really the biggest end of the problem. Four billion to six billion dollars in the next five or six years is the estimated need. Under the bill, the roads will get credits which for years have been waning, largely on account of uncertainty as to government policy.

FORMER SUPREME COURT JUSTICE TO REPRESENT "DRYS"

Washington, March 1.—Former Supreme Court Justice Hughes filed a petition in the supreme court today for permission to represent the executives in a number of "dry" states in opposition to the suit of Rhode Island to enjoin the enforcement of the prohibition amendment of the Volstead act.

PROTECT PRIVATE CITIZENS FROM "RUM RAIDERS"

Washington, March 1.—Uncle Sam's army of "rum raiders" were given general orders today to observe strictly the provisions for the amendment of the federal constitution which shields private citizens against unlawful search and seizures. Hereafter there are to be no raids unless properly drawn warrents have been issued by the courts for suspected individuals.

GOVT. HAS JOBS FOR ALL DISCHARGED SERVICE MEN

Plenty of Employment for Honorably Discharged Soldiers and Sailors at Washington.

Government jobs for honorably discharged soldiers and sailors as stenographers and typists are ready for all those who are willing to work in Washington, D. C., according to an announcement made today by Lieutenant Colonel Mathew C. Smith, of the Office of the Assistant to the Secretary of War.

This is the United States Civil Service Commission's anwer to the complaint so often heard during the demobilization of the Army, that civilians and women filled the clerical places in Washington which should be given to returned fighting men. Ex-service men now have perference on all the lists, under the law.

The official bulletin reads:

"The Government needs large numbers of stenographers and typists in Washington, D. C.

"Usual entrance salaries are $1,000 to $1,200 a year, plus the bonus of $20 a month authorized by Congress. Higher-salaried positions are usually filled through promotion.

"The Homes Registration Bureau of the Community Service constantly maintains a list of available rooming and boarding places in Washington. Living conditions are considerably improved.

"Full information and application blanks may be obtained from the Secretary of the Local Board of Civil Service Examiners at the post office or customhouse in any city."

CHAS. BUHLER,

WARNS NATION OF RED PERIL

U. S. Department of Justice Urges Americans to Guard Against Bolshevism Menace.

CALLS RED PLANS CRIMINAL

Press, Church, Schools, Labor Unions and Civic Bodies Called Upon to Teach True Purpose of Bolshevist Propaganda.

Washington.—Calling for the patriotic support of all true Americans in its fight to protect their homes, religion and property from the spreading menace of Bolshevism, the United States Department of Justice has issued a warning against the insidious propaganda of the "Reds" during the new year. It reads:

"It would be extremely helpful to the cause of good government, the maintenance of law and order and the preservation of peace and happiness in our country if the people on this New Year's day would resolve to study, understand and appreciate the so-called 'Red' movement. They can counteract it most effectively by teaching its purpose through the press, the church, the schools, patriotic organizations and labor unions, all of which are within the range of its insidious attacks.

"Red" Theories Criminal.

"The 'Red movement does not mean an attitude of protest against alleged defects in our present political and economic organization of society. It does not represent the radicalism of progress. It represents a specific doctrine—namely, the introduction of dictatorships the world over by force and violence. It is not a movement of liberty-loving persons, but a distinctly criminal and dishonest movement. Lenine himself made the statement at the Third Soviet Conference, 'Among one hundred so-called Bolshevists there is one real Bolshevik, thirty-nine criminals and sixty fools.' It advocates the destruction of all ownership in property, the destruction of all religion and belief in God. It is a movement organized against Democracy and in favor of the power of the few built by force. Bolshevism, syndicalism, the Soviet Government, sabotage, etc., are only names for old theories of violence and criminality.

Russian Labor Crushed.

"Though their adherents in this country are advocating and fomenting strikes, Lenine and Trotzky forbid strikes, and trade unions are being broken up and completely subordinated to the will of the few demagogues in control in Russia. This Bolshevist experiment on the living body of the Russian people has not proven in any sense of the word an experiment in Democracy. The Bolshevist leaders frankly repudiate democratic principles as we understand them. It has been a gamble which meant for Russia, and, indeed, for the whole of humanity, enormous losses in lives as well as in material resources. The Bolshevists have run up a colossal bill which the Russian workmen and peasants will have to pay.

"Reds" Menace America.

"Having lived at the expense of the Russian people for two years, these speculators in human lives and other people's earnings are trying to move to new fields to the east and to the west, hoping to take advantage of the economic distress and confusion of mind in which humanity finds itself after the terrific strain of five years of war.

"Its sympathizers in this country are composed chiefly of criminals, misled idealists, social lepers and many unfortunate men and women suffering with varying forms of hyperesthesia. They are enemies of the government, of the church and of the home and advocate principles which mean the abolition of all three of these safeguards of civilization.

Would Rob Everybody.

"Twenty million people in this country own Liberty Bonds. These the 'Reds' propose to take away; 9,830,000 people in the United States own farms and 3,838,000 more own homes, which they would forfeit; 11,000,000 odd people have savings accounts in savings banks and 18,000,000 people have deposits in our national banks, at which they aim. There are hundreds of thousands of churches and religious institutions, all of which they would abolish. In other words, 110,000,000 hard-working and saving people who own property, love liberty and worship God are asked to abandon all the ideals of religion, liberty and government, which are the outcome of the struggles of their fathers and their own development, and to place themselves, their homes, their family and their religious faith in the keeping and their property under the domination of a small group of Lenines and Trotzkys.

Protection Promised.

"This department, as far as existing laws allow, intends during the forthcoming year to keep up an unflinching, persistent, aggressive warfare against any movement, no matter how cloaked or dissembled, having for its purpose either the promulgation of these ideas or the excitation of sympathy for those who spread them. The movement will not be permitted to go far enough in this country to disturb our peace and well-being or create any widespread distrust of the people's government. It will fall away before the light of popular knowledge and

RED PAMPHLETS YANKS SPURNED

Poison Propaganda to Russian A. E. F. Revealed by U. S. Secret Service.

Extracts from pamphlets, published by the English-speaking Communists in Russia, and distributed among the American troops in the North—now in the possession of the U. S. Department of Justice.

"Comrades! Drop this dirty work. Turn your guns on your real enemies, the exploiters and capitalists.

"Come with us in the far nobler struggle to establish the triumph of labor the world over."

(Signed) N. LENIN."

"East and Central Europe is aflame with the revolt. The exploiting class has in some countries fallen, and in others are on the point of falling. The dawn of the day of Labor's emancipation has come!"

"You have arms. You know how to use them. Will you, like slaves, use them in defense of your master, or will you use them to help your class be free? If the former, then you know that you will meet with determined resistance of the united revolutionary people of East and Central Europe, and History will be your judge. If the latter, then here's a hearty welcome into the ranks of international labor."

"We want you to understand that every country in the world—including your own—can become a socialistic state, a workmen's country, if only it follows the Russian example. Every nation in the world—including the 'yankee race'—can become a really free nation, if it only does away with the trusts, the money lords and the bloodthirsty exploiters. It is up to you American soldiers to do it! It is up to you to bring the great lesson of the Russian Revolution home to your toiling and suffering brothers. It's up to you to start it there—in your own America, you just start it—and your brothers will follow you! You just dare! You have nothing to lose but your chains. You have a world to gain.

"You just dare to take home with you the Red Banner of the Revolution—and inscribe upon it:

"Down with capitalism!

"Long live Industrial Freedom!

"Long live Socialism!"

"You probably would let us alone and go home, if your officers would let you. But they do not intend to let you do so. You are under their orders, and they are under the orders of "higher ups," and those are under the orders of "still higher ups," etc. At the top of the whole pile are the wealthy capitalists who want to get their greedy hands upon the mines and factories, railways, etc., of Russia. That is the reason you are here to rob workingmen and make millionaires richer.

"We know that you are bound, hand and foot by discipline and have been in blind ignorance of what you were doing here or why you came. The only way that you can do the decent thing is by breaking the discipline that drives you to this crime against your own kind, the working class.

"The war is over. There is no honest reason for you to submit to military orders. You are not fighting 'German militarism.' You are submitting to it when you obey the commands of your own officer.

"You can break away. We know that you can, for we did. You are powerful enough and numerous enough to arrest the officers or to do with them what you please. Or you can

The Income Tax imposed by Act of Congress on earnings of the year 1919 is now being collected.

Returns under oath must be made on or before March 15 by every citizen and resident who had a net income for 1919 amounting to:

$1,000 or over, if single; or if married and living apart from wife (or husband); or if widowed or divorced.

$2,000 or over, if married and living with wife (or husband).

The status of the person on the last day of the year fixes the status for the year with respect to the above requirements.

Under any of these circumstances a return must be made, even though no tax is due.

Husband and wife must consider the income of both, plus that of dependent minor children, in meeting this requirement; and, if sufficient to require a return, all items must be shown in a joint return or in separate returns of husband and wife.

A single person with minor dependents must include the income of such dependents.

A minor who has a net income of $1,000 or more is not considered a dependent, and must file a separate return.

Personal returns should be made on Form 1010A, unless the net income exceeded $5,000, in which case Form 1040 should be used.

Missourians should send returns and payments to Geo. H. Moore, Collector of Internal Revenue, St. Louis, or Geo. F. Crutchley, Collector of Internal Revenue, Kansas City, Mo.

How to Figure Income.

The best way to find out whether one must file a return is to get a Form 1010A and follow the instructions printed on it. That form will serve as a reminder of every item of income, and if a return is due it tells how to prepare and file it.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office.

Guesswork estimates and other hit-or-miss methods are barred when a person is making out his Income Tax return. Accuracy and completeness must be insisted upon. The return is a sworn statement. As such it must be thorough and accurate.

Salaried persons and wage earners must ascertain the actual compensation received. Overtime, bonuses, shares in the profits of a business, value of quarters and board furnished by the employer and other items which are compensations for services must be included.

It must be borne in mind that compensation may be paid in other forms than in cash. A bonus paid in Liberty Bonds is taxable at the market value of the bonds. A note received in payment for services is taxable income at its face value, and the interest upon it is also taxable.

Other Returns Due.

Every partnership doing business in the United States must file a return on Form 1065; and every personal service corporation must file a similar return.

Corporations must file annual returns on Form 1120.

Trustees, executors, administrators and others acting in a fiduciary capacity are required to file returns. In some cases, Form 1041 is used; in others, Form 1040; and still others, returns on both forms are required.

Information returns, on Forms 1099 and 1096, must be filed by every organization, firm or person who paid, during 1919, an amount of $1,000 in salary, wages, interest, rent, or other fixed or determinable income to another person, partnership, personal service corporation or fiduciary. These information returns should be forwarded directly to the Commissioner of Internal Revenue (sorting division), Washington, D. C.

FOOD PRODUCTION IS BEING REDUCED

MOVEMENT OF FARM PEOPLES TO CITIES A BIG FACTOR.

FARM WAGES ARE HIGHER

35,000 Men and Boys Left the Farms for Other Industries During Last Year.

Washington.—Warning that serious risk of reduced food production impends because of high wages demanded by farm laborers, high cost of farm equipment and supplies, and pronounced movements of people from farms to the cities, has been given by the department of agriculture on the basis of reports and letters from all sections of the country.

"The most definite of these reports come from New York states," the department's announcement said, "where records of the population on 3,775 representative farms February 1 this year and February 1 a year ago were made. In the last year the number of people on these farms decreased more than 17 per cent.

"If the same ratio holds for all farms in the state, about 35,000 men and boys left farming for other industries, while only about 11,000 have changed from other industries to farming. This is a more rapid movement from farms to other industries than took place early in the war.

"The same conditions in varying degrees exist in all sections, although not so acute farther from industrial centers.

"Another New York report is that farm wages this year will average 14 per cent higher than in 1919, although in 1919 they were 80 per cent higher than at the beginning of the war. Estimates indicate that experienced farm help will be paid this year about $52 a month and board, compared with $45.50 last year. Married men, provided with a house and farm products, are expected to receive about $68.50 a month, compared with $60 last year.

"Numerous letters to the department of agriculture from its field workers and farmers indicate a widespread disposition to cut down plantings so that work can be attended to by the farmer himself or members of his family. The assertion that farmers can not pay the high wages demanded and make a profit on their products frequently is made. Many farmers also declare it is unfair to them to be under the necessity of working ten, twelve or more hours a day, when the tendency in other industries is toward a shorter working day and a decreased output."

USE OF MUSIC TO TEACH PATRIOTISM

WAR CAMP COMMUNITY SERVICE STARTS CAMPAIGN.

MAKE A SINGING NATION

Movement Has Spread to Many Industries and Sections—Americanization Is Prime Object.

New York.—"Make America a singing nation."

Behind this slogan a campaign launched by the War Camp Community Service, is under way in the United States, and its promoters assert its object is already is approaching realization. The movement is being carried on in the form of community singing, which is being made a part, wherever possible, of every community gathering.

European nations marveled when American soldiers in France during the world war went into battle singing. The "singing soldiers" of Uncle Sam became famous throughout all the allied armies and feared by the armies of the enemy.

Enhancement of the spirit that produced the "singing soldiers" will, it is believed, develop in the United States a higher type of patriotism. Aside from the purely musical purposes of the movement, Americanization through music is a prime object of the "singing" campaign.

Because of this purpose the campaign is being waged actively in districts where there is a large percentage of foreign born population. Music is being made one of the chief factors in the functioning of the "melting pot." Tongues that know the strange, sad harmonies of Russian songs, the songs of Italy and the songs of the Scandinavian countries and the melodies of gay France or Spain are being taught to blend with them the songs that teach patriotism and an understanding of American ideals.

As a means of realizing this purpose the community singing movement has reached forth into factories and commercial enterprises where large numbers of people, American born and foreign born, are employed. Employers are aiding in the movement, and "noonday songs" are becoming common among the employes of many large business and industrial institutions.

Promoters of the campaign believe that community "sings" are an effective and lasting factor in combating everything that is un-American.

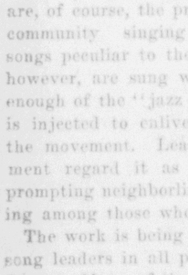
National anthems and patriotic songs are, of course, the principal part of the community singing program. Folk songs peculiar to the American people, however, are sung with frequency and enough of the "jazz or ragtime" music is injected to enliven but not disrupt the movement. Leaders of the movement regard it as a vital factor in prompting neighborliness and good feeling among those who participate.

The work is being carried on through song leaders in all parts of the United States. Many of these are active workers in the War Camp Community Service, while others are volunteers who have become interested and have taken up the work at the request of business men or leaders in the movement in the local communities.

Primarily the movement originated during the war, but it is being extended to the after-war period on a scale even greater than before. It is predicted that before long the democratization of song will be complete and America will become in reality a "singing nation."

BACK HURT ALL THE TIME

Mrs. Hill Says Lydia E. Pinkham's Vegetable Compound Removed The Cause.



Knoxville, Tenn.—"My back hurt me all the time, I was all run down, could not eat and my head bothered me, all caused by female trouble. I was three years with these troubles and doctors did me no good. Your medicine helped my sister so she advised me to take it. I took Lydia E. Pinkham's Vegetable Compound and the Liver Pills and used Lydia E. Pinkham's Sanative Wash and now I am well, can eat heartily and work. I give you my thanks for your great medicines. You may publish my letter and I will tell everyone what your medicines did for me."—Mrs. PEARL HILL, 413 Jacksboro St., Knoxville, Tennessee.

Hundreds of such letters expressing gratitude for the good Lydia E. Pinkham's Vegetable Compound has accomplished are constantly being received, proving the reliability of this grand old remedy.

If you are ill do not drag along and continue to suffer day in and day out but at once take Lydia E. Pinkham's Vegetable Compound, a woman's remedy for woman's ills.

There were others who made drastic the rent of pure wheat bread. I told reductions upon the administration and him to send them back to the old could not understand why they were country, where they'd get so what refused. Among these the report mentions "one person, who wanted to swap a pound of sugar for fifteen gallons of apple butter; another who have five pounds of sugar every month or she would die."

The report tells of the rumors of sickness from eating substitute war bread, which went the rounds, and how one physician, a foreigner, was calling for pure flour.

"The grocers asked me about it," the report goes on, "so I wrote some facts. However, I went back four weeks later, and to my astonish the physician. He wanted to know if he was to let his patients die for

ment I found the place vacant. Upon investigation I learned that the man had found out that "I Was" the food man, as he called me, and he got alarmed and sold out his business."

There were a series of amusing experiences in one of the townships which resulted in $700 in flour being paid over to the Red Cross. The proposition was framed up by a foreign grocer, to the effect that his competition across the street was selling flour without substitutes. The competitor was apprehended and paid a fine of $100.00. "If I pay everybody $100.00," said the man as he gave his check to the Red Cross, "I can make that up on every grocer in the place. His hardest task was to find the man who "tipped" him, but finally he detected him selling potatoes and marking the bags "cornmeal."

Engineers to Honor Patron Saint.

Columbia, Mo., Feb. 28.—That this should be a big year for St. Patrick at the University of Missouri is the belief of the students of the School of Engineering, who already are making plans for their annual celebration of March 17, St. Patrick's Day in the mornin' and afternoon and evening, too. The recent nationalization of the Knights of St. Pat, the engineering students' organization, will make it possible for each senior, as he is knighted at the celebration, to receive a pin of the national organization. A parade, the knighting ceremony, an open house and a dance will be features of the day. The Shamrock, the annual publication of the engineering students, will be issued on tha t day, also.

COW LEADS ALL FARM ANIMALS IN VA UE

Expansion in Dairy Business Has Put Cow at Head as Far asValue Is Concerned.

The expansion which has been talking place steadily in the dairy industry of this country during the last seven years has at last put milk cows at the head of the list of farm animals so far as value is concerned. This is shown by recent report by the Bureau of Crop Estimates, United States Department of Agriculture. The value of these animals now exceeds that of horses and cattle other than milk cows, the two classes formerly standing higher on the list. On January 11 of this year there were approximately 23,747,000 milk cows in this country, an increase of 272,000 head, or1.2 per cent, as compared with a year ago. Their aggregate value is placed at $2,021,681,000.

Ten years ago the average milk cow was worth $35.29, compared with $78.29 a year ago and $85.13 January 1. 1920. It is generally recognized that the quality of the milk cows of this country is improving at the same time that their number is increasing.

The class of cattle, consisting of calves, steers, bulls and cows, not kept for milk production and designated as "other cattle," shows a decrease of 709,00 head or 1.6 per cent. Ten years ago theaverage value per head of animals in this class was $19.07, a year ago it was $44.22. and $43.11 this $year. The number of "other cattle" in the country at the present time is approximately 44,385,000, and their value $1,914,575,000.

Colorado Lands

If you are looking for a farm, a business location or an investment, come to Galatea, Kiowa County, Colorado. The best and cheapest land in the state. Now selling at $20 to $35 per acre for fine level prairie land. Also some well improved farms ranging in price from $25 to $45 per acre. Price difference governed by improvements and distance from railroad. Good soil that will produce wheat, corn, barley, rye, oats, milo, maize, vegetables and fruits. Corn yield for 1919 from 25 to 50 bushels per acre. Wheat from 15 to 25 bushels. Big yields of Kaffir corn, milo maize and Sudan grass. These provide an abundance of feed and seed, and are paying crops. Dairying and stock raising are wonderfully successful. Big money in cattle, sheep and hogs, as they can be produced and made ready for the market at a much less cost than on the high priced Eastern lands.

Plan a trip, look these lands over, and you will buy while the price is yet low. Come out and let us prevo to you what we advertise. And DO IT NOW!

MANY GERMAN WORKS FAST REACHING PRE-WAR STATUS

Reports Received at Department of Commerce Indicate a Quick Recovery in Numerous Lines.

Washington.—Many German industries will revive completely it is indicated in various reports received recently by the Department of Commerce here.

Only the coal shortage precludes the porcelain industry reaching its pre-war status, it is said, and the optical industry is in general fully occupied and will continue for a long time to enjoy a considerable demand for its products.

The temporary shut down of passenger train service in Germany is reported to have had a stimulating effect in coal traffic, although offset by freezing temperature and heavy snow.

The coal difficulty has directly influenced any revival in the hardware trade. Stocks on hand have been almost completely bought up by foreign buyers, and replacement of these stocks is very difficult because of lack of raw materials and the reduced capacity of the mills thorugh the coal shortage. The production of iron and steel has been slightly increased. Other kindred industries are similarly affected.

Reports show that if transportation and other similar difficulties could be eased, the toy, musical instrument and furniture, as well as many other lines, would quickly pick up.

U. S. INCOME TAX EXEMPTS NOBODY

Every Person Who Had Income in 1919 Must Determine Own Liability.

MARCH 15 LAST FILING DATE.

Surest Way Is to Follow Form 1040A. Free Advice in Doubtful Cases. Severe Penalties in Law.

Nobody is exempt from Income Tax. An obligation is laid directly on the shoulders of each citizen and resident to consider his own case and to get his return in on time if one is due.

With each return showing a tax due a payment must accompany the return in the full amount of the tax or at least one-quarter of the tax.

All returns for 1919 must be filed on or before March 15.

Must Show True Figures.

In figuring up his earnings for income tax purposes a person must take into consideration all items of taxable income, and each item itself must be accurate in amount. Guesses and estimates must be avoided, for the return is made under oath.

Everybody who had an income during 1919 must now determine whether his or her net income was sufficient in amount to require an Income Tax return. The best way to find out is to get a Form 1040A and follow the instructions printed on it. That form will serve as a reminder of every item of income; and if a return is due, it tells how to prepare and file it.

One of the important points to keep in mind is that a person's net income is found by a computation prescribed in the law, and that each item of income from every source must be considered, unless specifically exempted.

Another thing to remember is that the personal exemption allowed taxpayers by law has no relation whatever to the requirement to file return. This exemption is not to be considered until a person has figured out his net income and determined whether it was sufficient to require him to file a return. Then, if a return must be filed, he should read carefully the instructions for claiming exemption and complete his return.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office. Many banks and trust companies also give similar service during banking hours.

Heavy Penalties in Law.

For failing to make a return on time the penalty is a fine of not more than $1,000 and an addition of 25 per cent to the tax, if any. For making a false or fraudulent return the penalty is a fine of not more than $10,000 or imprisonment not exceeding one year, or both; and, in addition, 50 per cent of the tax. There are other penalties for failing to pay tax when due and for understatement of the tax through negligence.

Many Sources of Income.

Aside from what one may earn by his services, there are many other sources of income. If he sold any property during 1919 he must figure out the gain realized. If he rented buildings, land, apartments or rooms such rents must be considered taxable; and he may claim deductions for necessary expenses incidental to rents.

Bank interest is a common source of income and is taxable whether withdrawn or not. Any amount of interest credited to a depositor is income to the depositor.

Interest on mortgages and notes is taxable; also bond interest received from corporations.

A taxpayer who cashed his insurance during 1919 must report as income any excess received over the total of premiums paid.

Members of partnerships or personal service corporations or beneficiaries of an estate or trust must report their shares of income distributable to them whether or not actually withdrawn.

Dividends of domestic corporations must be reported. Many other forms of income are taxable, unless specifically exempted.

INCOME TAX IS DUE MARCH 15

Penalties for Delay and Failure to Make Returns—Early Compliance Urged.

All income tax returns covering the year 1919 must be filed by Monday, March 15. Each taxable return must be accompanied by check or money Order for the full amount or at least one-quarter of the amount of tax due.

Cash payments are accepted only at the collector's main office; if sent by mail, they are at the sender's risk.

Missourians should send returns and payments to Geo. H. Moore, Collector of Internal Revenue, St. Louis, or Geo. E. Crutchley, Collector of Internal Revenue, Kansas City, Mo.

Those who must file returns but have not done so are warned that the revenue law imposes heavy penalties for failure to get returns in on time or to make payments on time.

Early filing and early payments are urged, in order to relieve the internal revenue offices as much as possible of an overload on the final day, March 15.

AMERICA WON'T SEE BIGGEST AIR SHIP FOR A YEAR

Construction of Aerial Leviathan Bought by the Government Is Slow Work.

London.—"The biggest air-battleship in the world" is the description of the dirigible R-38 given by Commander Horace T. Dyer, of the United States navy, who is here inspecting the monster of the air.

It will be more than a year before the American public will be able to witness the R-38 in the air, although the aerial vessel was purchased by the American government for the Naval department in 1919. Construction of the leviathan is going on at top speed, but is necessarily slow.

After the big "sky boat" is completed the crew will have to test out the craft and then wait for good weather before starting on the long voyage across the Atlantic.

"The R-38 is going to be a splendid ship," said Commander Dyer after a minute investigation of the partially finished craft. "She is bigger than the R-34, which flew to America last year, by a good many feet. She also carries six gondolas, where the R-34 carried only four. The framework is now being put together and every piece is being tested to prove that it can stand whatever strain is put upon it."

"There is going to be some delay in getting the R-38 to America. We have no place to keep her at present, but an aerodrome is being constructed at Cape May, N. J. It is expected to be ready when the ship gets across.

"Our own experts and technicians are examining everything that goes into the ship, and I am confident that our men will be able to make any repairs that may be needed in the future. We are learning the actual construction of it."

Commander Dyer is the advance guard of experts who will supervise the final work of the R-38. No expense is being spared by the United States and the British air service is co-operating with its experts to see that "America gets all she pays for in the R-38."

New Griffith Picture at Empire.

A new Griffith picture, entitled "The Girl Who Stayed at Home," will be shown at the Empire theater tonight. But this Griffith picture is not a war play. It has in its plot some things that have to do with war and there are some battle scenes shown that are said to be the best yet screened, especially one of a night attack when the parachute flares and a box barrage are seen working simultaneously. The short chapters that deal with the actual fighting, deal almost exclusively with the charge and siege of one of the lost companies that faced the Huns along the Argonne and who made that classic everlasting answer.

"The Girl Who Stayed at Home" is the new production. It was wirtten by S. E. V. Taylor and is played by Griffith players, headed by Robert Harron, who presents a character he has never before attempted, but which is said to show a versatility in this actor that even he himself had never dreamed existed.

Preaches at White Cloud.

Rev. W. C. Ferguson, pastor of the First Baptist church of Maryville, gave an Armenian Relief sermon yesterday afternoon at the White Cloud Baptist church after which the relief subcripiton was taken up.

Mrs. Paul Sisson returned today from a week's visit in Chicago where she was the guest of Mr. and Mrs. Lauris M. Esser.

Surprising records have been made Alaskan reindeer in long distance travel, and also in speed tests. Indeed, for short distances, the deer can outrun the dog or horse. At an annual reindeer fair in Alaska two deer pulling a sled and driver made five miles in 14 minutes 22 seconds, and ten miles in 27 minutes 20 seconds.

The hairs from the snout of the walrus are collected by the natives of Alaska and exported to China, where they are used as toothpicks.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 10c and 25c.

CARTRIDGE CLOTH NOW SOLD FOR WOMEN'S GARMENTS

Government Saves Large Sums of Money by Developing New Market. Material Cheap and Serviceable.

Washington, D. C.—Through the efforts of the War Department, which sought to create a market for millions of yards of cartridge cloth no longer needed by the Army, this material may become cheap and serviceable fabric for women's wear, and at the same time has saved the Government a considerable sum of money.

Garments made of cartridge cloth have made their appearance in the shops of New York, and it is expected the material will have a wide vogue. The first use of the cloth was in making of a woman's blouse in solid colors, with self or contrasting embroidery. A number of designs of tapestries, it is said, are in preparation and are expected to be ready for the market within a few weeks.

Cartridge cloth was purchased by the Government for bags to hold explosive charges for the firing of heavy artillery. It was an all-silk product, but of such rough and unattractive appearance as to preclude its sale, after the war, for anything like its original cost.

Members of the Ordinance Department conducted a series of experiments in an effort to convert the cloth into a commercial product. The first step was to remove the oily and gummy substance which gave the cloth its resemblance to burlap. This was accomplished by boiling. It was next processed and then dyed or printed. After this treatment the cloth was highly satisfactory.

Two large concerns have just purchased the Government's entire surplus of the cloth, amounting to 10,923,558 yards. The Ordinance Department has been successful in selling also other stocks of silks. One such sale involved $2,244,000 worth of raw silk for which the Government was offered $500,000 last June.

The modern Turkish woman of the upper classes is one of the most highly educated women in the world. Being denied by custom and etiquette most of the pastimes indulged in by her Western sisters, the Turkish woman spends much of her time in reading and study. It is no uncommon thing for Turkish ladies to be able to speak half the languages of Europe, and to have, in addition, a knowledge of ancient Greek, Persian and Arabic.

The musk deer from which is obtained an essential ingredient of almost all perfumes, is a small animal, seldom more than twenty-one inches n height. It is becoming more and more scarce every year, and at the present rate will eventually become extinct.
